sauvignon blanc 2008

WINEMAKER'S COMMENT

Brilliant pale straw colour, intense aromatic notes of tropical fruits over a grassy, herbaceous background. The palate is full bodied with ripe gooseberry and green tropical fruits (golden kiwifruit, honeydew melon, ripe pineapple). Good acid structure leaves a crisp lengthy finish.

VINEYARD

Grown on VSP canopy system and lightly leaf plucked to give good sunlight and airflow to ensure healthy fruit. Controlled yield through fruit thinning. Yield approx. 4.5 ton per acre.

HARVEST & WINEMAKING

Harvested during the cool of night to maintain freshness and flavours. The grapes are de-stemmed and pressed, then slowly fermented in stainless steel at a cool temperature using carefully selected yeast. Extended yeast lees contact adds weight and texture to the palate.
